

3001

Lob-Ster Ball Machines

PNEUMATIC/ AC POWER MACHINES

3001 / Ball Bucket

Fully equipped ball machine with random horizontal oscillation.

- + Ball speeds 15-60 mph, 3, 6, 12 sec feed rates, 0-80 degree elevation. Holds 50 balls. 38 lbs.

3008 / Economy Ball Bucket

Designed for the "no frills" player. Same as the 3001 but without random horizontal oscillation. 31 lbs.

3005 / Hybrid Ball Machine

Economical alternative to Tournament Model. 2-ball settings, random horizontal oscillation.

- + Ball speeds 15-70 mph, 3, 6, 12 sec feed rates, 0-80 degree elevation. Holds 150 balls. 42 lbs.

3002

3002 / Tournament Model

Moves you from sideline to sideline and baseline to net so you can practice your footwork, recovery time and hitting on the run.

- + Random horizontal, horizontal and vertical oscillation, ball speeds 15-70 mph, 3, 6, 12 sec feed rates, 0-80 degree elevation. Holds 150 balls. 42 lbs.

3003 / Tournament Model With Remote

Same as 3002 but with wireless remote.

- + 220-volt machines require a special wired foot pedal remote. 43 lbs.

3004 / Pneumatic Remote Control

Wireless remote for Lob-Ster pneumatic machines.

- + 220-volt machines require a special wired foot pedal remote. 1 lb.

LOB-STER ACCESSORIES

206 / Spin Adapter

Optional spin adapter fits all pneumatic ball machines.

- + Simple adjustment adds heavy topspin or underspin to your workout. 3 lbs.

205 / Extension Cord

16 gauge, three conductor, 100'. 8 lbs. (not shown)

Storage Covers

Heavy-duty lined vinyl covers protect Lob-Ster pneumatic machines from the elements.

3000 / Storage Cover

Fits 3002, 3003 Tournament and 3005 Hybrid machines. 3 lbs.

3009 / Storage Cover

Fits 3001, 3008 Ball Buckets. 2 lbs.

PORTABLE/BATTERY OPERATED MACHINES

3015 / Elite 1 Ball Machine

Designed for maximum durability. Ergonomic design allows for easy transportation with full hopper.

- + Random horizontal oscillation, top spin and back spin
- + Ball speeds 10-80 mph, 2-10 sec feed rates, electronic 0-60 degree elevation
- + 4-8 hours court time battery. Holds 150 balls. 42 lbs.

3013 / Elite Grand Slam IV

An advanced machine offering innovative features.

- + Full random oscillation, mixing up speed, spin, trajectory and oscillation
- + Ball speeds of 30-80 mph, 2-12 sec feed rates, electronic 0-50 degree elevation
- + 3 preprogrammed, 6-shot drills to stimulate the grinder, all courter, and power baseliner
- + 2-line function (narrow, medium, wide)
- + Digital control panel and optional wireless remote (#3014)
- + 4-8 hrs court time battery. Holds 150 balls. 44 lbs.

3014

3013

3016 / Elite 2 Ball Machine

Triple oscillation (random horizontal, vertical, horizontal and vertical).

- + Top spin and back spin, ball speeds 10-80 mph, 2-10 sec feed rates, electronic 0-50 degree elevation
- + 4-8 hours court time battery. Holds 150 balls. 44 lbs.

3020 / Elite 3 Ball Machine

Triple oscillation (random horizontal, vertical, horizontal and vertical) plus narrow and wide two-line drill feature.

- + Top spin and back spin, ball speeds 10-80 mph, 2-10 sec feed rates, electronic 0-50 degree elevation
- + 4-8 hours court time battery. Holds 150 balls. 44 lbs.

ELITE ACCESSORIES

3014 / Elite 5-function Remote Control For 3013. 1 lb.

3017 / Elite Fast Charger

Fully charges your Elite in 3-9 hours with typical use. Provides extra 1-3 hrs play time when plugged into machine. Trickle charge feature prevents overcharging.

- + Specify Fast Charger when ordering. Otherwise, units may need to be returned for upgrade. 1 lb.

3022 / Elite Premium Charger

Three times the speed of 3017 charger.

- + Recharges your Elite in 1-3 hours. Trickle charge feature prevents overcharging
- + Specify Premium Charger when ordering. Otherwise, units may need to be returned for upgrade. 1 lb.

3018 / Elite Wireless Remote Control

2-function remote control both feed and sweep

- + Must be factory installed/upgraded. 1 lb.

3018

3019 / Storage Cover

Protects Lob-Ster Elite machines from the elements. (Not Shown)

- + Fits 3015, 3016, 3020. 2 lbs.
